

CASE STUDY

STADIUMS & ARENAS

OPPORTUNITY

Deliver an exceptional audio experience to complement the newly constructed 62,000 capacity stadium for the Premier League football club. The state-of-the-art sports and entertainment venue features a wide range of luxury amenities including an innovative retractable pitch, cutting-edge video screens, a museum and club shop.

SOLUTION

Tottenham Hotspur has selected an integrated HARMAN Professional audio solution made up of JBL Professional loudspeakers, Crown amplification, and a Soundcraft digital mixing console.

TOTTENHAM HOTSPUR PREMIER LEAGUE FOOTBALL CLUB STADIUM, LONDON

The HARMAN Professional audio solution includes 156 JBL VLA-C2100 loudspeakers, 54 JBL VLA-C125 subwoofers, 196 JBL AWC82 all-weather loudspeakers, 140 Crown DriveCore Install amplifiers, and more than 3,500 JBL Control Contractor speakers installed across the facility. Audio will be mixed on a Soundcraft Vi2000 digital console and monitored via JBL LSR 305 reference monitors.

"Tottenham Hotspur is one of the most historic and prestigious clubs in football, and HARMAN Professional Solutions is honoured to provide a cutting-edge audio solution at their incredible new stadium," said Chris Smith, Vice President, EMEA, HARMAN Professional Solutions. "Leveraging our industry-leading experience in delivering enterprise-level solutions at sports facilities, we are uniquely positioned to provide a powerful audio solution that helps elevate the action on the field and delivers an incredible experience for their fans."

ABOUT HARMAN

HARMAN (harman.com) designs and engineers connected products and solutions for automakers, consumers, and enterprises worldwide, including connected car systems, audio and visual products, enterprise automation solutions; and services supporting the Internet of Things. With leading brands including AKG®, Harman Kardon®, Infinity®, JBL®, Lexicon®, Mark Levinson® and Revel®, HARMAN is admired by audiophiles, musicians and the entertainment venues where they perform around the world. More than 50 million automobiles on the road today are equipped with HARMAN audio and connected car systems. Our software services power billions of mobile devices and systems that are connected, integrated and secure across all platforms, from work and home to car and mobile. HARMAN has a workforce of approximately 30,000 people across the Americas, Europe, and Asia. In March 2017, HARMAN became a wholly-owned subsidiary of Samsung Electronics Co., Ltd.
