

PARTNER STORY

NIGHTLIFE

OPPORTUNITY

Provide a top-of-the-line sound system at one of Phnom Penh's hottest entertainment clubs, Bopea Pub & Studio, that works for Cambodia's top DJs as well as live bands.

SOLUTION

Nano Tech selected solutions by JBL, Crown, dbx, Soundcraft and AKG for their industry-leading sound quality, versatility and intuitive operation.

“

The versatility and sonic quality of HARMAN audio solutions allowed us to build a powerful system that meets their strict requirements—and sounds great.”

BOPEA PUB & STUDIOS

Nano Tech recently installed a state-of-the-art audio system by HARMAN Professional Solutions at Bopea Pub & Studios.

One of Phnom Penh's hottest entertainment clubs, Bopea Pub & Studios offers great live music, pleasant ambience and excellent customer service. The venue strives to provide the perfect atmosphere for guests to gather with friends and enjoy performances by Cambodia's top DJs and live bands. In order to ensure a world-class audio experience for audiences and performers alike, Bopea Pub & Studios recently hired integrators Nano Tech to install a complete HARMAN live sound solution.

“Bopea Pub & Studio asked us to install a top-of-the-line sound system in the live venue that works for performances by DJs and bands alike,” said Sang Nor, CEO, Nano Tech. “The versatility and sonic quality of HARMAN audio solutions allowed us to build a powerful system that meets their strict requirements—and sounds great. We're pleased to know that the world-class audio quality provided by HARMAN enables the venue to book more popular acts, which is great for business.”

The HARMAN system installed in Bopea Pub & Studios includes solutions by JBL, Crown, AKG, dbx and Soundcraft.

JBL PRX415M two-way powered speakers serve as the house mains and stage monitors, providing distortion-free high SPL reinforcement. JBL PRX418S subwoofers deliver powerful bass frequencies in the venue's front-of-house system, while SRX828 subwoofers provide low end monitoring on-stage for DJs and bands. Crown XTi Series amplifiers supply reliable power to the whole system.

Nano Tech also installed a dbx DriveRack VENU360 loudspeaker management system to optimize the HARMAN system's performance and protect the JBL speakers from extreme usage. Onstage, AKG D5 dynamic microphones ensure an excellent vocal sound that cuts
