

OPPORTUNITY

India's 69th annual Republic Day celebrations needed extensive audio support to ensure superior audio quality for the 69th Republic Day parades at Rajpath.

SOLUTION

India commissioned HARMAN to deliver audio solutions for the 69th Republic Day parades that included JBL speakers, Crown amplifiers, BSS audio processors and Soundcraft mixers.

The installation for Republic
Day and later in the year on
Independence Day enables
us to showcase our expertise
in delivering world-class
sound at one of the world's
largest events."

REPUBLIC DAY CELEBRATIONS, NEW DELHI

Each year, more than 200,000 people attend the Republic Day parade at Rajpath, a ceremonial boulevard that runs from Rashtrapati Bhavan to the National Stadium in New Delhi. The chief guests for this year's celebration included 10 heads of state from the ASEAN nations, adding even more significance to the event.

Last year, HARMAN Professional supported the Indian Army during the transition of Rajpath's audio systems from analog to digital. After witnessing the system's superior audio quality, the Indian Army decided to commission HARMAN audio solutions for the 69th Republic Day parades at Rajpath.

"HARMAN is honored to establish a long-standing relationship with the Indian Army, and deliver superior audio quality at one of the nation's most important events," said Prashant Govindan, Senior Director, HARMAN Professional Solutions, India & SAARC. "As industry's leading provider of cutting-edge audio technology, the installation for Republic Day and later in the year on Independence Day enables us to showcase our expertise in delivering world-class sound at one of the world's largest events."

The main HARMAN audio system at Rajpath is comprised of 250 units of JBL CBT 70J-1 and 250 units of CBT 70JE-1 column speakers, 21 Crown DCi 4|2400N high performance installation amplifiers, 13 BSS BLU audio processors and six Soundcraft GB Series professional audio mixers.
